What are NPQs?

National Professional Qualifications (NPQs) are the most widely recognised qualifications in the education sector for current and aspiring leaders.

Accredited by the Department for Education (DfE), NPQs provide training and support for teachers and school leaders at all levels. They will support you to develop the skills and knowledge to progress in your career and to support your school.

We're delighted to be one of a select group of national providers to design, deliver and assess six reformed NPQs.

Specialist NPQs

There are three specialist NPQs for teachers and school leaders who want to broaden their expertise in particular areas. The following programmes are for those who have, or are aspiring to have, responsibilities for leading teaching in a subject or year, leading behaviour and/or supporting pupil wellbeing in their school, or leading the development of other teachers in their school.

- NPQ in Leading Teaching (NPQLT)
- NPQ in Leading Behaviour and Culture (NPQLBC)
- NPQ in Leading Teacher Development (NPQLTD)

Leadership NPQs

For those looking to progress into senior leadership and beyond, the following NPQs build foundational knowledge to rapidly progress a school or trust's key improvement priorities – all while creating and embedding a culture that allows the school, staff and pupils to thrive:

- NPQ in Senior Leadership (NPQSL)
- NPQ in Headship (NPQH) and ASO*
- NPQ in Executive Leadership (NPQEL)

*NPQH ADDITIONAL SUPPORT OFFER FOR NEW HEADTEACHERS

This is a targeted package of additional support tailored to the needs of headteachers new to the role of headship. It provides bespoke, unassessed face-to-face support based on the best available evidence about what makes an effective headteacher. This package lasts for at least the first academic year in role.

You can request this additional support for free when you apply for the NPQH if you:

- ✓ work in a state-funded school.
- ✓ are in your first two years of headship.

What NPQs can do for your school

Great development opportunities and ongoing support helps teachers thrive. That's why our NPQ programmes are so valuable - they keep talented teachers and leaders in their school for the long term, equipping them with the expertise to make a difference to their pupils.

Our NPQs support motivated teachers who want to take the next step on their leadership journey. Teachers will develop core knowledge and skills to prepare them for the long-term, as well as gaining the tools, examples and practice to start making a positive impact in their school straight away.

Not only do members of the programme add expertise and practical skills to your team, during the programme they will plan a strategic improvement, focused on your context and pupils. They'll also become part of a wider network of leaders and schools, all attempting to give young people from the poorest backgrounds the best shot at success.

Effective leadership makes schools ten times more likely to improve at their next Ofsted inspection.

Programme benefits

- High-quality, evidence-led training designed by education experts and school leaders.
- Strengthen leadership and culture in your school.
- Teachers will broaden and deepen expertise in their specialist area.
- Flexible training that fits around teachers' schedules and prior knowledge.
- Free one-to-one support for schools most in need.
- Join a passionate network striving for educational equality.

90%

of teachers say leadership development opportunities encourage them to stay in a school.

Around 850,000 young people are not benefiting from good or outstanding leadership, according to Ofsted.

Teach First's NPQ programmes

Leadership matters. We want to make sure schools teaching the most disadvantaged pupils get the best leadership training and support to succeed.

That's good for young people, who get brilliant leaders. It's good for teachers who want to progress. And it's good for schools who get to develop and keep talented staff.

Our NPQ programmes are based on the [DfE's NPQ frameworks](#), combining expert training with tailored support to strengthen leadership and culture in your school.

Each programme includes:

- evidence-based online content to refresh and build knowledge
- formative assessment tasks to support learning
- face-to-face seminars with a group of peers, facilitated by an expert leader or Teach First Development Lead
- the opportunity to record reflections and consolidate learning
- school/trust visits* and conferences.

*NPQSL, NPQH and NPQEL

Our programmes have a practical focus. You'll be supported to make specific, important changes to your and others' practice throughout the programme. This will conclude with the implementation module and practical implementation cycle of the programme.

Programme length

PROGRAMME	Learning period	Assessment period of up to (months)	Maximum total duration (months)
NPQLT	12	3	15
NPQLBC	12	3	15
NPQLTD	12	3	15
NPQSL	18	3	21
NPQH	18	3	21
NPQH + ADDITIONAL SUPPORT	24	as NPQH	27
NPQEL	18	3	21

Assessment

The assessment process for all NPQs has been refreshed to reduce the workload burden on teachers while still providing an opportunity to apply their knowledge. To pass the programme, programme members will need to engage with at least 90% of the course and pass one summative assessment in the form of a written case study. The case study will be based on an area covered in the programme.

Assessment takes place within three months of completing the NPQ programme. Detailed dates will be shared before the start of the programme.

Our mission

Our challenge is to unlock the potential in all children, not just some. With a fair education, everything is possible. With great teachers, with brilliant leaders, with the right policy and connections, schools will thrive. And so will our children.

We work with schools to make three things happen:

Great teachers

We help people develop into inspiring teachers. And we support them every step of the way as they discover their potential.

Brilliant leaders

Behind every great school is a great leadership team. We support talented teachers to become inspiring and effective leaders at every level.

Thriving schools

We connect schools to networks of support. And we work hard to create a positive policy environment. All so schools can make an even bigger difference.

“If we are to recruit and retain highly effective and committed teachers to meet the needs of our young people, investment in consistent, high quality professional development is vital.”
